

Special Arabic Homework — Due 12/14/2025

Instructions: print out this page and the next page.

Part 1: On the following page is your child's homework. They will need to write each letter shown 5 times on the same line.

Few students needed extra help, so they went slowly and only covered the first 3 letters. So they only need to write the first 3 letters

Part 2: You need to verbally practice the pronunciation of each letter with your child. If you don't know how to pronounce it, please use this website:
